

Product Description

Master Card To Add And Delete Card Users Waterproof RFID Reader access control card reader

Access Control Keypad Door Keypad Outdoor
Waterproof IP68 Metal Case RFID 125KHz with silicon
Keypad Single Door Stand-alone with 2000 Users for
Outdoor and Indoor Wiegand 26

specifications

processor	ARM926EJ-S processor, 32-bit RISC kernel Working frequency: 250 MHz
Display	2.8 inch TFT capacitor touch screen
User max	5,000
Fingerprint/ Card/ PIN Capacity	5,000
Transaction capacity	100,000
language	English, Spanish, Arabic, etc. (Custom)
Communication	TCP/IP; USB Flash Drive; Optional for WIFI and RS485
Proximity card	Standard for RFID card (125KHz); Optional for MIFARE card (13.56 MHz)
Bell	Integrated timing bell (programmed bell); support for built-in bell
Wiegand (26/34)	1 Wiegand input; 1 Wiegand output
TTL input	Door sensor input; exit button input; fire alarm input
TTL Output	Lock TTL output; alarm TTL output
Relay output	Block relay output; alarm repayment output
Doorbell	Wired doorbell
Alarm	Tamper alarm; unlocks delay notice; forced release warning; fire alarm
Power supply	DC 12V /1A

Operating environment

Operating Temp: 0 °C ~ 45 °C

Humidity: 20% ~ 80%

Dimension

190 (L) * 80 (W) * 33 (H) mm

GENERAL DESCRIPTION

ACM9700 offers high performance but a shorter waiting time. It can be widely applied in many RFID application systems such as factory login, building entry login, office login login etc.

FEATURES

1. Large capacity, high cost performance.
2. Can connect to desktop software in WAN and LAN
3. Supports the Websocket API for Cloud Sever development (free SDK for secondary development)

Product display

ACM9700 Security device for smart building door hote stand alone metal keyboard panel rfid access control lock system

Application

This product is a touch, access to the door of a car's proximity card, intelligent panel operation, high-end integrated microprocessors, high security and reliability, for 2000 users (cards) offer strong security, external storage, operation of the smart panel, password support, card, card with password to open the door, has a single external Wiegand head, external memory, tamper alarm, card increases and card elimination, extended voice and other functions, widely applied in the control systems of the security accesses.

Access control keypad

Packaging and delivery

Shipping method

We cooperate strongly with DHL, FEDEX, TNT, UPS, EMS, freight forwarder of SEA and AIR
You can also choose your forwarder.

package

Packaging for keyboard access control: 1 unit per box, 30 pieces per carton,

You might like it

We are manufacturers of professional access control, we have a complete product access control system as follows:

ACM223

RFID touch keyboard and keyboard
access control, 125Khz EM
1000/4000 USer capacity

ACM209-NW

Keyboard Access control to an RFID

metal door (not waterproof), 125Khz
EM

ACM208

Waterproof RFID single port reader
and access control

ACM210

Access control with single RFID
metal door (not waterproof)

ACM225

Touch keypad RFID access control,
125Khz EM, Can connect the
wiegand reader

ACM211B

Touch keypad Metal case Waterproof
RFID access control, Can connect the
wiegand reader

Our service

- 1, any questions will be answered within 24 hours
- 2, professional manufacturer and supplier, welcome to visit our website and our factory
- 3, OEM / ODM available
- 4, high quality, fashin desing, reasonable and competitive price, quick delivery time
- 5, after-sales service:
 - 1), all the products will have been strictly checked at home before packing
 - 2), all products will be well packed before shipment
 - 3), All our products have a 2-3 year warranty if the damage is not caused by human being
- 6, faster delivery : About 1 ~ 5 days for sample order, 7 ~ 30 days for bulk order
- 7, payment: You can pay for the order via: T / T, Western Union, Paypal, Ali commercial insurance
- 8, shipping: We have a strong partnership with DHL, FEDEX, TNT, UPS, EMS, freight forwarder by sea and by air, you can also choose your freight forwarder.
