 125 KHz EM 1000/4000

ACM209-NW

Keypad Metal RFID AccessControl (125 KHz EM)

ACM208

Keypad Metal RFID AccessControl (125 KHz EM)

A graphic of a numeric keypad, commonly used for PIN entry. It features a 4x3 grid of buttons: the first three rows contain digits 1-9, and the fourth row contains a lock icon, 0, and a hash symbol (#). Above the keypad are two small circular indicators. A hand cursor icon is positioned to the right of the keypad, pointing towards the bottom row.
