Incoterms

Incoterms are a set of standard terms used in international trade to define the responsibilities of the buyer and the seller. They are used to clarify the division of costs and risks between the two parties. The most commonly used Incoterms are EXW, FCA, FOB, CIF, and CFR. These terms are defined by the International Chamber of Commerce (ICC) and are used by traders and shippers worldwide. The Incoterms rules are used to define the responsibilities of the buyer and the seller in international trade. They are used to clarify the division of costs and risks between the two parties. The most commonly used Incoterms are EXW, FCA, FOB, CIF, and CFR. These terms are defined by the International Chamber of Commerce (ICC) and are used by traders and shippers worldwide.
