

Sterilization is more effective  
**K9 Automatic Temperature Measurement  
& Disinfection Machine**

Safer without contact

**Automatic temperature measurement  
and disinfection**

Effectively avoid cross infection

Align the temperature measuring probe and the liquid outlet  
with the palm of your hand to detect the temperature and  
automatically sterilize the liquid

**Automatic alarm function**

When the measured body temperature exceeds the preset  
alarm temperature, the device will issue an alarm to remind  
the surrounding people

**Accurate measurement**

accurate measurement, fast and efficient, stronger environmental adaptability

### Large-capacity disinfectant used longer

1000ML large amount of disinfectant solution, effectively inhibit bacteria, the inhibition rate is as high as 99.9%. Effectively take care of you and your family's health

°C/°F temperature unit can be selected

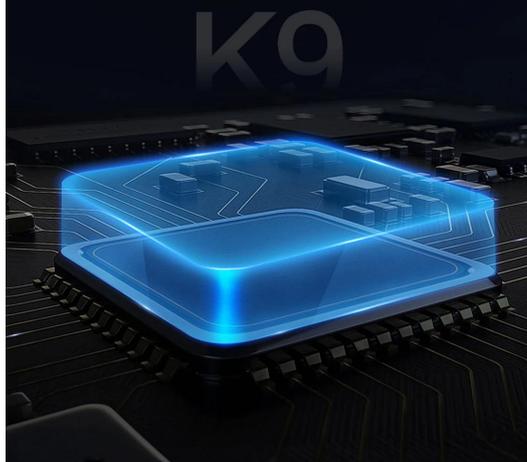

Switch easily

## Self-developed core motherboard chip

High-performance, low-power self-developed motherboard chip greatly improves product stability and operating capability

The inner core is more powerful

## Smart power saving & auto wake up

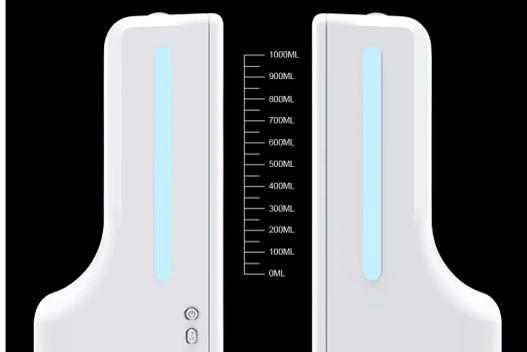

K9 has intelligent power saving and automatic wake-up function, which can save more resources

Low energy consumption, more economical

## Visualization design of disinfectant

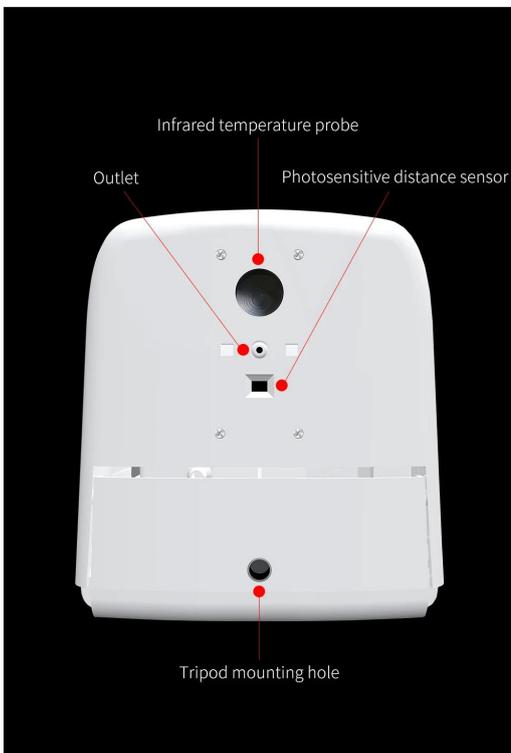

The side adopts a transparent design to visualize the use of disinfectant, and add liquid at any time according to the use

## Exploded view

Concise appearance design

## Box Contents

K9

USB cable

Screw&amp;rubber plug\*2

## Strong environmental adaptability

Hospital

School

Community

Factory

Supermarket

Station

Hotel

Market

## Technical Data

Accuracy	±0.2°C (34-45°C, put it in the operating environment for 30 minutes before use)		
Alarm type	Flashing + beeping "DIDI!"	Input	DC 5V 1A
Measuring distance	5cm-10cm	Product power	3W
LED display	Number	Liquid type	Hand sanitizer
Interface	USB Type-C Port	<b>Advantages</b>	
Bottle Capacity	1000mL		
Mounting Type	Wall-hanging, Tripod fixed	<ul style="list-style-type: none"> <li>Automatic induction no-clean disinfection soap dispenser, more convenient to use</li> </ul>	
Working Temperature	8.10°C-40°C (15°C-35°C Recommended)	<ul style="list-style-type: none"> <li>Large digital display, high-definition display</li> </ul>	
Measuring range	0-50°C	<ul style="list-style-type: none"> <li>High-precision sensor, stable and reliable performance</li> </ul>	
Standby time	5s for non-working, dynamic loop with white dot	<ul style="list-style-type: none"> <li>With intelligent point saving and automatic wake-up function</li> </ul>	
Dimension	119x132x280mm	<ul style="list-style-type: none"> <li>Strong adaptability to environment temperature</li> </ul>	
Net weight	700g	<ul style="list-style-type: none"> <li>Large-capacity soap liquid, longer life cycle</li> </ul>
