

Produktbeschreibung

K9 Wandmontage Automatische Temperaturmessung Desinfektionsmaschine Händedesinfektions-Seifenspender mit Thermometer

LCD-Digitalanzeige mit Hintergrundbeleuchtung, klare Anzeige. Mit optischer Fehlererkennungswarnung und optischer Warnung bei abnormaler Temperatur.

Der innovative High-Tech-Infrarotsensor kann sicher und schnell innerhalb von 500 Millisekunden messen.

Fieberalarmfunktion Bei abnormaler Temperatur warnen die rote Hintergrundbeleuchtung und der Summer den Patienten.

Die Umrechnung der Temperatureinheit in Fahrenheit oder Celsius kann bequem für verschiedene Personen verwendet werden. Ligent Infrarot Stirn

Thermometer, nicht zu halten, kann aufgehängt / doppelseitiges Klebeband / feste Halterung.

Eine große Menge von 1000 ml Desinfektionsmittel kann Bakterien wirksam hemmen und Kreuzinfektionen wirksam vermeiden.

Sterilization is more effective

K9 Automatic Temperature Measurement & Disinfection Machine

Safer without contact

Automatic temperature measurement and disinfection

Effectively avoid cross infection

Align the temperature measuring probe and the liquid outlet with the palm of your hand to detect the temperature and automatically sterilize the liquid

Automatic alarm function

When the measured body temperature exceeds the preset alarm temperature, the device will issue an alarm to remind the surrounding people

Accurate measurement

accurate measurement, fast and efficient, stronger
environmental adaptability

Large-capacity disinfectant used longer

1000ML large amount of disinfectant solution, effectively
inhibit bacteria, the inhibition rate is as high as 99.9%.
Effectively take care of you and your family's health

°C/°F temperature unit can
be selected

Switch easily

Self-developed core motherboard chip

High-performance, low-power self-developed motherboard greatly improves product stability and operating capability

The inner core is more powerful

Smart power saving & auto wake up

K9 has intelligent power saving and automatic wake-up function, which can save more resources

Low energy consumption, more economical

Visualization design of disinfectant

The side adopts a transparent design to visualize the use of disinfectant, and add liquid at any time according to the use

Exploded view

Concise appearance design

Technical Data

Accuracy	±0.2°C (34~45°C, put it in the operating environment for 30 minutes before use)		
Alarm type	Flashing + bleeping "DIDI" *	Input	DC 5V 1A
Measuring distance	5cm-10cm	Product power	3W
LED display	Number	Liquid type	Hand sanitizer
Interface	USB Type-C Port	Advantages • Automatic induction no-clean disinfection soap dispenser, more convenient to use • Large digital display, high-definition display • High-precision sensor, stable and reliable performance • With intelligent point saving and automatic wake-up function • Strong adaptability to environment temperature • Large-capacity soap liquid, longer life cycle	
Bottle Capacity	1000mL		
Mounting Type	Wall-hanging, Tripod-fixed		
Working Temperature	8.10°C-40°C (15°C-35°C recommended)		
Measuring range	0-50°C	Standby time 5s for non-working, dynamic loop with white dot	
Standby time	5s for non-working, dynamic loop with white dot		
Dimension	119x133x280mm		
Net weight	700g
