The image displays three different styles of yellow RFID animal tags against a blue sky background. The first tag is a large, rectangular tag with a circular hole at the top. The second tag is a smaller, circular tag with a central stud. The third tag is a square tag with a circular hole at the top. Below the tags, a variety of farm animals are shown, including a horse, a cow, a sheep, a pig, a chicken, a goat, a donkey, and a pigeon. Two blue plastic containers are also visible near the pigeon.

What is RFID EAR TAG ?

Ear tags are a must for pig ranchers, it insures you can track, prevent theft, and control disease outbreak within your herd. It's important to have the right size ear tag and an appropriate style for your environment and the type of animal. Ear tags can be used with a standard stud, premium metal tipped stud. It available to add numbers or custom text (such as ranch name) to your tags. You can create your own series of numbers or codes. Our special inks are guaranteed not to fade for a period of two years.
