# Product Parameters

|                          |                                                  |
|--------------------------|--------------------------------------------------|
| Operating voltage        | DC12V                                            |
| Static current           | $\leq 30\text{mA}$                               |
| Reading card distance    | 3~6cm                                            |
| Record capacity          | 2000                                             |
| Short-circuit protection | Protection responding time $\leq 100\mu\text{s}$ |
| Temperature              | -35°C to 60°C                                    |
| Humidity                 | 10%~90%                                          |
| Electric lock output     | $\leq 30\text{A}$                                |
| Alarm output             | $\leq 20\text{A}$                                |
| Unlock time              | 0~99 s (adjustable)                              |

# Three user modes

Card / PIN / Card+PIN

ACM-214A

ACM-214B

\* Zinc alloy made housing, polished surface, sturdy and durable

# Standalone Metal Access Controller

Smart and Waterproof Design for Outdoor and Indoor Use

Card  
unlock mode

PIN  
unlock mode

Quick  
unlock speed

Wiegand  
output

Anti-vandal  
alarm

# Details

To meet your critical requirements of the product

## Backlit keys

Capacitive touch keypad, illuminated digital button design Easy to find the keypad in a dark night

## External doorbell interface available

With doorbell keys and interface, keys isolated from circuit, can be connected with most doorbells

## Wiegand Interface

With Wiegand output interface, 26 bit Wiegand card number output  
Support 4 digital password, support anti-theft setting

## Waterproof Design

Sealed parts for preventing water and rain

## Anti-theft hexscrew design

This access machine can be used at 35 centigrades below zero Fixed by anti-theft hexagonal screws Provide you with more security

## Smart center processor

High quality chip inside More intelligent programming system Simple operation, full function, stable use

## Our Advantages

### 1. Service

1. 24 hours service
2. Professional technical support
3. OEM / ODM
4. High quality products
5. Competitive price
- A. Fast delivery
- B. Good after-sales service
- C. High quality products
6. 15 days return policy
7. T / T, Paypal, Ali
8. DHL, FEDEX, TNT, UPS, EMS

### 2. Quality

- ACM Goldbridge 2 years warranty
- ACM Goldbridge 2 years warranty
- ACM Goldbridge 2 years warranty
