Car parking locks

A yellow car parking lock device is shown, designed to prevent vehicles from moving. It features a central vertical post with a blue circular logo, flanked by two yellow rectangular blocks. The device is mounted on a yellow base with two circular holes. A car wheel is visible in the background, indicating its use in parking areas.

Garage Doors

A photograph showing two white, horizontally-ribbed garage doors installed in a brick wall. The doors are closed. To the right of the second door, the front wheel and lower part of a silver car are visible. The ground in front of the doors is paved with bricks.

Telescopic doors

electric car

A silver and black electric scooter is shown from a front-three-quarter view. It has a modern, compact design with a black seat, black handlebars with mirrors, and a black front fender. The scooter is standing on its kickstand. The background is plain white.

Other things that can be controlled wirelessly

A collage of four images illustrating various devices that can be controlled wirelessly. From left to right: a silver car with its trunk open; a yellow and grey remote control unit; a red and white striped barrier; and a red and white warning light.
