Lift the handle
to lock

Automatic locking
when the door is closed

A black smart door lock is mounted on a wooden door. The lock features a digital keypad with numbers 1-9, *, 0, and #. A blue light is visible on the keypad. A black handle is attached to the lock. A blue speech bubble with the text '5# Open mode' is positioned next to the keypad. The background is a dark, blurred image of a person in an office setting.

Office use

Open mode

You can open the door by pressing the handle directly. When you close the open mode, you need an authorized passcode or fingerprint to unlock the door.
