

Product Description

Smart Door Lock Electric Keyless Entry Biometric Fingerprint Lock

ACM-TI100 is a fingerprint lock with voice-guided feature, which makes operation very easy and quick. It uses the mechanical anti-theft mortise with one latch and two security deadbolts, that allows users to lock the deadbolt from both indoor and outdoor. Meanwhile, ACM-TI100 has various approaches to open the door, such as with fingerprint, password, card and key; and it can be applied to either wooden door or security door. All in all, ACM-TI100 presents the advanced electromechanical technology, which provides high home security and great convenience.

Detailed Images

Future:

- New generation fingerprint recognition algorithm
- With voice-guided feature for easy and quick operations
- Anti-theft mortise with one latch and two security deadbolts
- Idle handle design to prevent forcible entry
- Reversible design to accommodate all door open directions
- Registration data are stored even if there is power loss
- Various accesses for your convenience - fingerprint /password /card /key
- Illuminated keypad for easy operations in the dark
- With random password feature for higher security
- Smart alarm for low battery / illegal operation
- Data upload/download via USB port
- External terminals to draw back-up power from a 9V battery
- Support passage mode - Normal Open
- 125khz ID card reader is standard
- Remote open door is optional

Advantage

1. New generation fingerprint recognition algorithm
2. Robust and safe anti-theft mortise design
3. Wide touch pad screen with tempered glass material
4. Voice guide for easier and more convenient use
5. With random password for more security

6. Illuminated keypad for easy and quick operation after dark
7. Various access for your convenience - fingerprint/password/card/key
8. Idle handle design to prevent from forcible entry
9. Reversible design to fit for all door open direction
10. Smart alarm for low battery & illegal operation
11. Support passage mode - Normal open
12. User data synchronization
13. Turn handle upward to lock deadbolt
14. External terminals to draw back-up power from a 9V battery
15. Remote open door is optional

Packing & Delivery

Shipping Way (Just for new customers reference)

We are one of the leading exporter of RFID products in China since 2000 years . With rich international trade experience we know the international shipping very well , We know which express or air/sea line is cheap and safe to your country . We can supply various certificate for you to clean your custom to such as CO , FTA , Form F , Form E ...Ect . We wil provide our professional suggestion for your shipping . EXW , FOB , FCT , CIF , CFR ...trade term are ok for us . We can be your reliable partner for products and shipping .

Our Service

- 1, Any inquires will be replied within 24 hours
- 2, Professional manufacturer and supplier, Welcome to visit our website and our factory
- 3, OEM/ODM Available
- 4, High quality, fashin desing, reasonable & competitive price, fast lead time
- 5, After-sale Service :
 - 1), All products will have been strictly quality checked in house before packing
 - 2), All products will be well packed before shipping
 - 3), All our products have 2-3 year warranty if the damage is not caused by human
- 6, Faster delivery : Around 1~ 5 days for sample order, 7~30 days for bulk order
- 7, Payment : You can pay for the order via : T/T, Western Union, Paypal.
- 8, Shipping: We have strong cooperation with DHL, FEDEX, TNT, UPS, EMS, Forwarder by SEA and By AIR, You also can choose your own shipping forwarder.
