Application

Switch your phone to "Car Mode," toggling Bluetooth® on or off to easily connect to your car's hands-free system.

Touch a TecTile to automatically text Mom when you arrive home from school.

Have a TecTile by the nightstand to set the alarm every night before bed.

In the Home

Create a TecTile to easily send your contact information instead of handing out physical business cards.

In the Car

In the Office

Program a TecTile to notify a loved one that you are leaving work.

A restaurant can create a TecTile and place it on their menu that will check customers into Facebook® or foursquare™, and in return give them an instant discount on dinner.

Silence and un-silence your phone when you enter and leave a meeting.

TecTiles™

Being Social

For Businesses

Connect faster socially by customizing a TecTile to update your Facebook® or Twitter® status.

Tap to follow us, and GET 50% OFF!

Automatically update your location and check-in on foursquare™.

A local bike shop could create a TecTile that gives a free or discounted service to follow their Twitter® blog on biking around the area.

Create a TecTile to share a favorite address or web page.
