Technical Details

Item number	D9
Material	ABS+Zinc
Product dimensions	113 x 62 x 67 mm
Included Components	1×Smart Lock, 1× mounting plate – screw, 1× mounting plate – glue, 1× Allen key, 1× manual
Item Package Quantity	1
Item Weight	600 grams
Color	Black
Temperature range	-10 to +40°C

Accessories

Remote access at any time with TTLOCK bridge

Connect your Smart Lock to the TTLOCK bridge and access your door remotely.

Jixin Keypad

The Jixin Keypad is the perfect add-on to your Smart Lock. Simply enter your access code to give you and your guests easy access to your home.

Remote control via Bluetooth with Fobs

The Fob locks or unlocks your door via bluetooth at the touch of a button. A remote control for those who love simplicity. Fob is an alternative for everyone.

Do you have children that are too young for a smartphone, or a grandmother who can't handle her old keys anymore? The Fob is the ideal door opener for almost any kind of situation. On top of that, deactivating and replacing lost Fobs is mere child's play compared to replacing an entire lock with all its keys.

Jixin Door Sensor

With our door sensor and the TTLOCK bridge, you can always keep track of your smart door lock via TTLOCK app. This way, you always have the confidence of knowing your door is closed and safely locked – even from a distance.

Product Features

Access? Smart!

The Smart Lock makes your home smarter and more convenient. Share digital keys with family and friends with the user-friendly app. This offers you many ways of opening your door.

Installation? Easy!

The Smart Lock can be installed in under 3 minutes without screws, is invisible from outside the home, and can be easily removed.

Control? Secure!

Always keep track of your home. Thanks to the TTLOCK App you always know or keep track who locked your door and when, and whether your door is securely locked.

Carefree Living

Our smart door lock turns your existing door lock into a digital access solution. Enter the world of the smart home. You always have the peace of mind of knowing your door is under your control – anytime, anywhere. Full control and security for your home.

All functions in one app

Use your smartphone instead of the classic key. Control your door with the TTLOCK app. Share digital keys with friends and family for temporary or permanent, and keep track of who has come and gone with the activity log. You can always know or keep track who locked your door and when, and whether your door is securely locked.

Easy installation

The wireless door lock can be installed in under 3 minutes without screws, is invisible from outside the home, and can be easily removed.

Our electric control lock has used most advanced production skills and best production technologies.

The lock can be opened by electric devices, turning the button or key. It is highly secured and anti-theft. It also can avoid the someone to open the lock with other tools.

This lock can be used for the gates of residential buildings, especially the public door of the residence, governmental buildings, schools, hotels, factory warehouse etc. It also compatible with electric control door.

The coil inside the lock is flame proof. It will not be on fire when operating a long time.if power on but the lock can not function, please check the installation or send it to the agent to repair.

The internal structure of this lock has been improved which will prevent from opening the lock by knocking on it. this will make you safer.
