

Product Description

Electric Gate Garage Universal Multi Frequency Remote Control Wireless Duplicator RF Remote Controller

The gadget is a wireless remote control key fob, which comes with ultra-strong Learning code function. It support remotely and wirelessly control your roller shutter door, garage door and other telecommand equipments within 100m (free space). Bringing you brand new experience of remote control, bring you much convenience in your daily life. You can not miss it.

Features:

*Support Learning Code(1527) Common Chip, such as, PT1527, EV1527, etc. Compatible with the most of 1527 Remote Control Relay Panel.

*Stable circuit, high accurate and high-effective, individuation and humanization design, bringing you much convenient.

*Adopts imported high-frequency triode, owning 10mW Transmitting Power.

*Easy to use: Easy to install and use, the 4 channel remote control system lets you take control of your gadgets, car and home or garage.

*Widely Use: Perfect Suitable for controlling electrically operated gate, retractable door, garage door, electric curtain automobile, motorcycle and other telecommand equipments.

Note:

1.This remote control only support the learning code (1527) of the receiver

2.This remote can not be programmed.

3.It will not work if you only buy the transmitter. it is parts of the remote control system, it needs work with the Remote

Control Relay Receiver module to achieve controlling.

4.We don't offer retail package, but we will pack it well before shipped out.

Specifications:

Material: Metal and PVC

Product Type: Copying / Duplicating Remote Control Transmitter Key Fob

RF Frequency: 433MHz

Match Code Way: Copying Via Face to Face(One to One Copying)

Channel Supported: Four Channel

Encoding Type: Learning Code(1527), Fixed Code(2262).

Button: 4 Buttons(A,B,C,D)

Modulation System: ASK

Operating Voltage:DC12V

Operating Current:<25mA

Transmitting Power:+13dbm

Frequency Windage: ± 0.2 MHz

Transmission Distance: 50m (Free Space)

Application

Anti-alarm system remote control

Barriers gate remote control

Sliding door remote control

Garage door remote control

Swing door remote control

Roller shutter remote control

Retractable door remote control

The stage light /laser/lamp etc. Equipment remote control

Led lighting etc. remote control

Note:

We usually do not recommend copying a rolling code chip, because there are many uncertainties when copying a rolling code chip. When copying a rolling code chip remote control, it is not possible to determine whether the original remote control chip is an encryption chip. Therefore, we do not recommend copying the rolling code remote control.

• Input Voltage: 12 V, RF working mode:

Superheterodyne

• Receiver sensitivity: > 97 dbm

• Transmitting distance:> 100 m (open space)

- Decoding mode: MCU software decoding
- Remote storage: 20
- Support remote type: EV1527 learning code
- Working mode: Momentary, toggle, latching time delay (5s ,10s ,15s)
- Output terminal: NO , NC , COM
- Dimension of PCB:35 x 30 x 18 mm (L,W,H)
- Remote control battery: 2 x 3 V CR2016 button batteries

Note: Maximum input power is 250 V

Remote programming

-Clearing the code :

Push the learning button on the receiver 8 times , the codes will be reset.

After clearing the code, remotes will be need to be recalibrated

-Momentary mode

Please contact us for detailed use instructions

-Learning the code : (Toggle - Press remote button to turn on, press again to turn off.)

Press the learning key on the receiver 2 times, Wait for a moment , the LED will be off , it comes into learning state

.

-Push the learning key on the receiver 3 times , the LED (on the Receiver)will blink 3 times.

When the LED is on, press the button of the remote control(You want to let it learn), Push the remote button A, LED flash for 3 times .

Push the remote button B, Led flash for 3 times .

After 3 seconds , the LED indicator will be off , Learning to succeed.

Model Number: Wireless Remote Control Switch

Wireless Communication:RF

Frequency:433 MHz

Shipping Way

We are one of the leading exporter of RFID products in China since 2000 years . With rich international trade experience we know the international shipping very well , We know which express or air/sea line is cheap and safe to your country . We can supply various certificate for you to clean your custom to such as CO , FTA , Form F , Form E ...Ect . We wil provide our professional suggestion for your shipping . EXW , FOB , FCT , CIF , CFR ...trade term are ok for us . We can be your reliable partner for products and shipping .

Your May Need

We can supply many kinds of door switchs . Touch , No touch , glass break ,key switch. Click above photo to find more detail .Or feel free to send us enquiry to ask the price list .

No touch Door Release Exit Button
K2B: 86*86mm

No touch Door Release Exit Sensor
K9A: 115*40mm

Door Release Button , (Stainless Steel,
NO/NC)K5B: 86*86mm

Door Release Button , (Steel
Aluminium, NO), K4B: 86*86mm

stainless steel High quality Kirsite.
K14B: 86*86mm

Stainless steel Door release PUSH
button; K815B: 86*86mm

Our Service

- 1, Any inquiries will be replied within 24 hours
- 2, Professional manufacturer and supplier, Welcome to visit our website and our factory
- 3, OEM/ODM Available
- 4, High quality, fashion design, reasonable & competitive price, fast lead time
- 5, After-sale Service :
 - 1), All products will have been strictly quality checked in house before packing
 - 2), All products will be well packed before shipping
 - 3), All our products have 2-3 year warranty if the damage is not caused by human
- 6, Faster delivery : Around 1~ 5 days for sample order, 7~30 days for bulk order
- 7, Payment : You can pay for the order via : T/T, Western Union, Paypal
- 8, Shipping: We have strong cooperation with DHL, FEDEX, TNT, UPS, EMS, Forwarder by SEA and By AIR, You also can choose your own shipping forwarder.

FAQ

Q: 1. How can I place an order?

A: Please list your requirements to us via Email. Then we will send the offer to you at the earliest time, after order confirmation, we will arrange production ASAP.

Q: 2. What about the payment and shipment?

A: T/T, Paypal, Western Union.

Clients can choose by sea, air or express (DHL, FedEx, TNT, UPS etc.)

Q: 3. How can I get a sample to check your quality?

A: We could provide free samples to you, and the freight cost is paid by you.

Q: 4. How long can I expect to get the samples?

A: It depends on the quantity. Normally 3-7 days for 5000 pcs and 7-15 days for 100,000 pcs

Q: 5. Can your products be customized?

A: Almost all of your products are customized, including the material, size, thickness and printing. OEM orders are highly welcome.

Q:6.Are you a trading company or factory?

We are the one of the biggest manufacturer of RFID cards/NFC tags/RFID keybod /RFID wristband□rfid reader and access control products in China more than 20 years.
