

# Products Description

For parking system,can use our UHF integrated reader and UHF windshield tags,the specific usage method as below:

- 1.Use UHF USB writer to program vehicle information to the UHF windshield tags,also make authorization those tags to parking system,and stick the tags on vehicles that need enter parking lot
- 2.Install our UHF integrated reader at the parking lot entrance and exit, use WG26 to connect the reader with barrier controller.
- 3.When the car driver close the parking lot, reader will identify vehicle tags,the control system will match tag data at first,if match success, the barrier will open,after enter and pass the sense line, the barrier will close auto.

## UHF RFID PP synthetic paper windshield tag

Alien H3

Size:110\*45mm

Material:PP synthetic paper with 3M glue

## UHF RFID anti-tamper windshield tag

Chip:M4QT

Size:110\*40mm

Material:Transparent PVC

Follow are related products specification:

#### UHF USB desktop reader/writer

Frequency:902MHz~928MHz(US),  
865~868MHz(EU)

Protocol: ISO18000-6B/ EPC G2

Reading Range: 0~20cm

Size:104x68x10mm

Interface:USB

#### UHF RFID long range integrated reader

Frequency:902MHz~928MHz(US),  
865~868MHz(EU)

Protocol: ISO18000-6B/ EPC G2

Reading Range:20-25m

Size:445\*445\*55mm

Interface:RS232/RS485/WG26/TCP/IP/WIFI

#### UHF high performance integrated reader

Frequency:902MHz~928MHz(US),  
865~868MHz(EU)

Protocol:ISO18000-6B/ EPC G2

Reading Range: 12-15m

Size257×257×40mm

Interface:RS232/RS485/WG26/TCP/IP/WIFI

### **UHF RFID middle range integrated reader**

Frequency:902MHz~928MHz (US),  
865~868MHz (EU)

Protocol:ISO18000-6B/ EPC G2

Reading Range: 6-8 m

Size:257\*257\*40mm

Interface:RS232/RS485/WG26/TCP/IP/WIFI

---

## Application

# SCENE APPLICATION

**RFID Unmanned Supermarket Management**

This application block features a central image of a supermarket produce section. To the left, there are four small inset images: a yellow RFID tag, a black square tag, a roll of white tape, and a light blue square tag.

**RFID Vehicle Tracking Management**

This application block features a central image of a car at a toll booth. To the right, there are four small inset images: two white rectangular tags, a black square tag with a white logo, and a roll of white tape.

**Trash Can management system**

This application block features a central image of a yellow autonomous refuse truck. To the left, there are four small inset images: a white rectangular tag, a white square tag, a white rectangular tag, and a green and black strip.

**RFID books management**

This application block features a central image of a library. To the right, there are four small inset images: a black square tag, a smartphone with an RFID reader, a white rectangular tag, and a white cylindrical tag.

**Running race timing system**

This application block features a central image of runners at a race. To the left, there are four small inset images: a blue and black tag, a white square tag, a black rectangular tag, and a white tag with the number 01256.

**RFID laundry management**

This application block features a central image of a laundry worker. To the right, there are four small inset images: a black rectangular tag, a white square tag, a smartphone with an RFID reader, and a white tag with a handprint.

**RFID Warehouse Inventory Management**

This application block features a central image of a warehouse with a forklift. To the left, there are four small inset images: a black keyboard, a computer monitor displaying a grid, a white square tag, and a roll of white tape.

## Packing & Delivery

### Shipping Way

We are one of the leading exporter of RFID products in China since 2000 years . With rich international trade experience we know the international shipping very well , We know which express or air/sea line is cheap and safe to your country . We can supply various certificate for you to clean your custom to such as CO , FTA , Form F , Form E ...Ect . We wil provide our professional suggestion for your shipping . EXW , FOB , FCT , CIF , CFR ...trade term are ok for us . We can be your reliable partner for products and shipping .

## Our Service

- 1, Any inquires will be replied within 24 hours
- 2, Professional manufacturer and supplier, Welcome to visit our website and our factory
- 3, OEM/ODM Available
- 4, High quality, fashin desing, reasonable & competitive price, fast lead time
- 5, After-sale Service :
  - 1), All products will have been strictly quality checked in house before packing
  - 2), All products will be well packed before shipping
  - 3), All our products have 2-3 year warranty if the damage is not caused by human
- 6, Faster delivery : Around 1~ 5 days for sample order, 7~30 days for bulk order
- 7, Payment : You can pay for the order via : T/T, Western Union, Paypal

## FAQ

Q: 1. How can I place an order?

A: Please list your requirement to us via Email. Then we will send the offer to you at earliest time, after order confirmation, we will arrange production ASAP.

Q: 2. What about the payment and shipment?

A: T/T, Paypal, Western Union.

Clients can choose by sea, air or express (DHL, FedEx, TNT UPS etc.)

Q: 3. How can I get a sample to check your quality?

A: We could provide free sample to you, and the freight cost paid by you.

Q: 4. How long can I expect to get the samples?

A: It depends on the quantity. Normally 3-7 days for 5000 pcs and 7-15 days for 100,000 pcs

Q: 5. Can your products be customized?

A: Almost all of your products are customized, including the material, size, thickness and printing. OEM orders are highly welcome.

Q: 6. Are you a trading company or factory?

We are one of the biggest manufacturers of RFID cards/NFC tags/RFID keyboards/RFID wristbands/RFID reader and access control products in China more than 20 years
