

# Products Description

## Notes.

1)This switch support no neutral wire required (single Live Wire),Before you buy, please confirm whether your House wiring is No neutral required. So A capacitance is a must to be connected to both ends of the bulbs for normal work.

3)Built-in RF433 frequency allows for another control via RF remote control switch with encoding 1527(Note:433 RF Remoter is not included in the package,please purchase separately)

## Specification:

Type: 1/2/3 Gang Touch Wi-Fi Switch

Material: PC V0 fireproof + tempered glass panel.

Rated Voltage: AC90V-260V, 50/60Hz.

Load Power:3-300W/gang(Note:If it is used for LED or energy saving bulb,the power load should be less than 100W)

RF Frequency: 433MHz.

Wi-Fi: 2.4GHz, IEEE 802.11 b/g/n

Support by : Android and iOS

APP: Tuya /Smart Life

## Features:

[Remote Control] The user can use a smartphone to remotely control the home electronics remotely anytime, anywhere as long as the phone has 2G / 3G / WIFI network compatible with iOS and Android operating system with Smart Life and Tuya app

[Voice Control]Compatible with Amazon Alexa (Echo / Dot / Dot / Tap), Google Assistant, IFTTT. Flight ticket counter with Amazon Alexa or Google Home to turn your switch on or off with your voice, No hub required

[TIMING]The intelligent timer switch will automatically turn on after setting a timer for this switch, which is essential for daily scheduling, and bring you a comfortable and intelligent lifestyle

## Tips--App

# 20<sup>+</sup> YEARS EXPERIENCE OEM & ODM

## ACCESS CONTROL SYSTEMS ONE STOP SOLUTION PROVIDER

Goldbridge is Top 10 China Manufacture On Alibaba, Specializes In Provide Kinds Of RFID/NFC Cards, FID Tags, RFID Card Reader, UHF Reader, Access Control System, Electromagnetic Locks, etc Since 1999

Customized  
Services

Quality  
Assurance

Fast  
Delivery

Best After-  
Sales Service

## OUR FACTORY

### Access Control and RFID Reader Production Line:

- Monthly production quantity is up to 50,000pcs, We are Provides OEM&ODM services including product research and development, LOGO printing, customized.etc

### Door Lock Production Line

### Electromagnetic lock & Smart Door Lock Production Line :

- Monthly production quantity is up to 100,000pcs,
- Our factory is built with modern manufacture environment, facilities, equipment and professional operation technicians.
- Goldbridge Provides OEM&ODM services including product research and development, LOGO printing and product box customized.

### RFID & NFC Cards & Tags Production Line :

- RFID Tag, Wristband, Keyfob: 11,000,000pcs (monthly output)
- Four Production Lines For Smart Card, PVC Card, Prelam Sheet: 20,000,000pcs (monthly output)
- Goldbridge Provides OEM&ODM services for LOGO printing, development, customized.

## ADVANTAGE

### WHY CHOOSE US?

- FAST DELIVERY** Faster delivery by air by express. (DHL, UPS or Fedex)
- LONG HISTORY** 20 years experience in RFID & Access Control industry
- OEM ACCEPTABLE** 20 years OEM&ODM experience for 1000 + VIP client from US and Europe
- HIGH QUALITY** Design and manufacture high quality products with 30 R&D; engineers.

## APPLICATION

Bus, supermarket, school, government, hospital, factory

## CERTIFICATE

Be sure that you are using 2.4GHz WiFi when connecting with the smart bulb. And WiFi must be detectable status. Many routers have 5 GHz and 2.4 GHz network and your phone will always automatically connect to the 5 GHz network. So, you have to completely turn off your 5 GHz network by going to your router settings (enter the router IP address into your internet browser, usually something like 192.168.1.1), forcing your phone to connect to the 2.4 GHz network.

In addition, the router encryption mode must be WPA2-PSK type and the authentication type must be AES

**Can choose color**
