## Detailed Images

### Features:

1. Standard 3 groups of micro-root signal input, can be docked 3 external read head
2. Multi-functional authentication and identification methods, you can set the fingerprint + password + proximity card and other combinations of identification methods, the international authentication of the Mac address and support cross-network (WAN) online access to data  
Supports staff through the PC, mobile phones, tablet PC staff management (personnel registration, delete, open the door and other functions)  
Standard ID module, optional IC module
3. Supports more development language (VB, C + +, DELPHI,) SDK, supports ODM/OEM software development

5000 Fingerprint capacity

100000 data storage

8GB USB flash drive

## communication mode

## Packing & Delivery

Every order we will check the quality firstly to ensure our customer get the best product. Our staff will pack it carefully to avoid the damage of transportation. We will ship every goods out as soon as possible.

### **Shipping Way (Just for new customers reference )**

We are one of the leading exporter of RFID products in China since 2000 years . With rich international trade experience we know the international shipping very well , We know which express or air/sea line is cheap and safe to your country . We can supply various certificate for you to clean your custom to such as CO , FTA , Form F , Form E ...Ect . We wil provide our professional suggestion for your shipping . EXW , FOB , FCT , CIF , CFR ...trade term are ok for us . We can be your reliable partner for products and shipping .
