

Descrição dos produtos

Controle de acesso portão de aba de gata bidirecional com leitor de cartão RFID

A porta da barreira do retalho é um tipo de mecanismo de controle de acesso projetado para gerenciar o tráfego de pedestres usando retalhos retráteis que se abrem e próximos para permitir ou restringir a entrada. Esses portões são amplamente utilizados em áreas que exigem segurança e fluxo suave de pessoas, como edifícios de escritórios, estações de metrô, aeroportos e outros locais públicos.

Confiabilidade

- SUS304 Caixa de aço inoxidável Garantir durabilidade duradoura.
- Componentes elétricos de alta qualidade.

Recursos de segurança

- As barreiras retraem automaticamente durante a interrupção de energia com a placa do capacitor instalada.
- Todo acabamento suave. Sem parafusos expostos.
- O design ergonômico torna a autenticação de cartão e impressão digital rápida e simples para os usuários.

Integração do leitor embutido

- A série já está integrada à preferência de nossos clientes para o leitor de controle de acesso de cartões ou impressão digital.

Isso reduz bastante o tempo de instalação e as despesas.

- Série e leitores de controle de acesso associados são todos testados em fábrica antes do envio.
- Fornece torneiras True Plug & Play com o menor custo total possível de propriedade do setor.

Parâmetros do produto

Requisitos de energia	AC 100 ~ 120V/200 ~ 240V, 50/60Hz
Temperatura de trabalho	-15 ° C-75 ° C.
Umidade de trabalho	Menos de 95%, sem condensação
Ambiente de trabalho	Interno/externo (se protegido)
Velocidade de rendimento	RFID: máximo 30/ minuto Impressão digital: máximo 25/ minuto
Tempo de operação da porta da asa	cerca de 1s
Interface de comunicação	RS485

Largura da pista (mm)	600
Dimensão (l*w*h)	1400*300*980 (mm)
Peso líquido (kg)	72 kg
Peso com embalagem (kg)	106 kg
Indicador de LED	Suportes
Material do gabinete	Sus304 Stee Stainless
Material da tampa	Sus304 Aço inoxidável
Material de barreira	Acrílico
Movimento de barreira	Retraindo
Modo de emergência	Suportes
Nível de segurança	Médio
Mcbf	2 milhões

ABOUT OUR FACTORY

Established in 1999, Shenzhen Goldbridge has witnessed the technological innovation from rfid card to rfid tag, the overall change of market products in the past 20 years, and registered "Shenzhen Goldbridge Industrial Co., Ltd." in 1999.

At present, Goldbridge has developed into a National High-Tech Enterprise, which is specialized in the integration of production, market and research. Starting from the PVC cards and RFID cards factory with only 66 workers, Goldbridge has accomplished the successful transition from traditional manufacturing industry to IOT technology enterprise (RFID technology development).

With the accumulation of dozens of software copyrights and utility new inventions and patents, Goldbridge has been rewarded as "National High-Tech Enterprise", "Shenzhen High-Tech Enterprise", and has become an integrated enterprise which focuses on research, production and market. Meanwhile, by adopting the "Military + School + Family" corporate culture concept, accompanied by the continuous innovation of business model and marketing model, plus the B2B, B2C platform and excellent sales team, Goldbridge sells its products all over the world.

Honers & Certificates

WHY CHOOSE US?

- **Long History & High Reputation**

Founded in 1999. Great Creativity Group dedicates in R&D, producing and sale of RFID products and Plastic Card. We own 12,000 square meters factory, 3000 square meters office and 8 branches so far.

- **Advanced Equipments & Ultimate Production Ability**

2 Modern high standard production lines with monthly output 30,000,000pcs cards. Brand-new CTP machines and Germany Heidelberg offset printing machines. 10 sets of compounding machines.

- **Self R&D Customization**

Our company offering management application project, equipment application, scheme and personalized RFID end product.

- **Strict Quality Control**

Strict QC System from raw material to finished products. We have passed certified ISO9001, SGS, ROHS, EN-71, BV etc. We promise all products will be examined strictly and we ensure that the products we deliver to you with top quality.

FAQ

Q Do you accept Trade Insurance ?

Yes of course, please click [here](#) to issue a trade insurance order.

A

Q Do you offer a customized sourcing service ?

A Yes please contact our sales team directly.

Q What format files shall we send for printing?

Adobe illustrator would be best, cdr, Photoshop and PDF files are also OK.

A

Q How long is your warranty time?

A Function warranty time is 3years, printing warranty time is 1year.

You may negotiate with our sales team when ordering.

Q Do you own your own factory?

A Yes we have 3000 square meter workshop for RFID/NFC products.

Q Could I get the free sample for testing?

A Yes, in order to show our sincerity, we could support the free sample to you for testing..

Q Do you also supply OEM service?

A Yes, Since we keep professional manufactory with own moulding line and product line, so you could put your LOGO on our products to make them unique
